COUNCIL SETS THE TAX RATE AT 43 MILLS

Council Holds Special Meeting to Go Over Estimates and Unanimously Approve Finance Committee Report and Strikes Above Rate.

The regular meeting of the town council was held last night, the evening but as there was not a full turnout of the council members to make an important business to come up was laid over for another meeting. Among these was the striking of the estimates and the setting of the tax rate.

Mayor Dett occupied the chair and the following were present: Councillors Lydiate, Oakland and Kosta.

After the reading and adoption of the last regular and two special meetings, D. Broadfoot requested that the council grant to move restaurant licenses to Chinamen. He said he thought there were enough such restaurants in town now and if any more started it would mean that some other places of business would have to close up, as a white man could not compete against this class. The council discussed the question at some length and decided to leave the matter in abeyance till more information could be secured.

F. Odlin, who was appointed last year to fill the unexpired term of W. H. Batcher on the Board of Health, was re-appointed to the Board, as his term had now expired.

The clerk drew attention of the council that some of those who had been employed at the Bazaar House had quit during the recent epidemic, were employed for their pay. The mayor and solicitor informed the council that the Health Department of the provincial legislature had informed them that the matter of assisting municipalities in this regard was being considered and that definite action would be taken in the near future.

The question of striking the estimates and setting the tax rate then came up for discussion, but for reasons above mentioned it was decided to leave this matter over till all the councillors could be got together.

Arrangements were then made to have a special meeting for this purpose on Wednesday. At this meeting the finance committee submitted their report outlining the proposed estimates and suggesting a tax rate sufficient to cover these necessary expenses. After going thoroughly into the report and scrutinizing the estimates, the council unanimously decided to adopt the committee report.

The following were the estimates recommended and finally adopted:

Public Works	\$12,000.00
Street Lighting	3,000.00
Fire Department	3,000.00
Finance Department	30,000.00
Engineering	120.00
Health Department	7,000.00
Police	1,000.00
Waterworks	10,000.00
Debt Interest	15,452.38
School Estimates	25,000.00

Total \$174,838.38

After considering these estimates the next question of importance was the striking of the tax rate for these expenditures. It was finally decided that the rate be 43 mills, as follows:

Town Rate	\$5 Mills
School Rate	7 Mills
Supplementary Revenue	1 Mill

Total 43 Mills

Besides this there is the regular water frontage tax of 10 per front foot.

WILL REDUCE DUTY ON FARM IMPLEMENTS.

Mr. Richardson, M. P., wired his paper in Winnipeg that the agricultural implement duties will be set in this year's session, the duties on all of kinds used by farmers reduced to satisfy the farmers, and that there will be reduction on boots, shoes, woollen and cottons. This is the decision reached by the government.

Mrs. B. Burk Dies Suddenly Yesterday

One of the saddest deaths we have seen occurred last evening about 5 o'clock when Mrs. Newark Burk, who lived just north of town, passed away suddenly after a severe attack of pneumonia following this influenza.

Mrs. Burk just returned a week ago Sunday from Illinois where she had been called on by the illness of her mother, and almost immediately after returning Mr. Burk and several members of the family were stricken down with the flu. All this extra exertion and excitement told heavily on deceased's former good constitution so that when she contracted the flu herself she was not down that she could not withstand the additional strain, and she gradually sank until death relieved her of earthly suffering.

Deceased was only 65 years of age. She was born in the state of Illinois where she lived until coming here to the present town, about the spring of 1906. They took up land just north of town and have resided there ever since.

Deceased a husband, deceased leaves a family of seven sons, the oldest of whom is fifteen years of age, and the youngest ten months. She is survived by three sisters and three brothers.

The funeral takes place tomorrow afternoon at 2 o'clock from the North's undertaking parlor, Medicine Hat, and the remains will be interred in the Medicine Hat cemetery.

Mrs. Gordon Sends Letters of Thanks

The following was received from Mrs. G. L. Gordon in acknowledgment of the many kind remembrances she received from Redcliff friends on her late husband's death.

"Although separated by over four thousand miles the ever kind thought of ladies of the Presbyterian Ladies Aid and other friends of Redcliff and I could not forget the happy holiday parties held in the little manse or church on March 30th for five or six years. There could be no dear friendship gathering this year, for God willed it otherwise, but there came the shower of loving wishes and gifts which have made me give the fond memories of days gone by. My heartfelt thanks go out to one and all and may the Father of mercies and God of all comfort be with us all even our days."

ANNIE E. GORDON, SCOTTSBURG, N. E., April 1, 1919.

Provisions Made for Mentally Defectives

Anyone desiring to have any mentally defective child under his control placed in the home for mentally defective children at Edmonton may make application to the minister of education for such action, according to the terms of a new act, respecting mentally defective children, which was passed through committee of the house by the legislature last Thursday night. The minister of education is given the authority to approve the placing of such children in the home. One who provides that whenever it is reported to the minister that any person in the province is a mentally defective person, the minister may cause inquiry to be made and if it appears that such person should be provided for in an institution for mentally defective persons, and that the parents or guardians refuse to consent may cause proceedings to be taken to bring such person to the institution, or to the care of the state. The method of the proceedings is outlined in the act.

The costs of the proceedings, together with transportation to the institution, and a maintenance charge of \$10 a month while the child is in the home, village or municipal district of which the mentally defective child is a resident at the time of this administration, the city, town, village or municipal district being the persons legally responsible for the maintenance and support of the child.

AN EXPLANATION.

Our readers will notice a decided change in the make-up of the Review this week. While in our opinion this change does not improve the appearance of the paper, yet when we remind you that the change was made necessary because of an exceptional rush of business in our job department we feel that you will rejoice with us rather than criticize and complain. The revision of our job department for neatness and style is spreading and as a result we received orders last week from points as far east as Regina and as far west as Chinaman's. As these were all rush orders we were unable to give the usual attention to the paper, hence the change.

G. W. V. A. WHIST Drive and Dance

The weather chief apparently was not in favor of what drive and dance being held in Redcliff last Friday judging from the deluge of snow which fell at 11 o'clock. However, the G. W. V. A. forced him by holding their event as scheduled and they are able to report that same was exceedingly successful. There were 10 tables and 20 games were played. The prizes went to the following ladies and gentlemen:

First lady, manure set, Mrs. Torvell.

Second lady, manure set, Mrs. Erskine.

Ladies' consolation, work basket, Miss Williams.

Gentlemen's consolation, book of hymns, Mr. L. S. Kearney.

A word of explanation is necessary here in regard to the ladies first prize. At the distribution of prizes the ladies first prize was handed to Mrs. Erskine. It was afterwards discovered that Mrs. Torvell had a score of 148. The card of the last mentioned lady had been put in with the gentlemen's and was consequently overlooked. The mistake is regretted.

Mr. C. D. Scott, president of the Ladies Auxiliary, presented the prizes very ably.

Supper was served at midnight, after which dancing commenced and continued until 2 a.m., when the gathering broke up with the singing of the National Anthem.

Endorses Resolution on Mennonite Question

At a recent meeting of the local board of the G. W. V. A. following resolution relative to the Mennonite and Hutterite question, which is now agitating the country and which was originally adopted by the Winnipeg branch of our association, was unanimously endorsed:

"That all unassimilated citizens in Canada be examined before a properly constituted court, which shall determine whether or not they are desirable citizens. If, in the opinion of the court, they are considered undesirable, they should be deported to whatever country they rightfully belong. If, in the opinion of the court, they should be given a written statement for signing to the effect that they are prepared to assume the full responsibilities of citizenship, including military service, if necessary, and the refusal of their children to be educated in sign the statement be also deported."

"That provision should be made to deport all those, whether naturalized or not, who do not obey the laws governing all Canadian citizens, especially those who are convicted by the law of contempt of deliberately violating the law. Further, that close citizenship of all immigrants be employed and further examination be made to various religious sects. All immigrants who have signed obligations should be kept under observation and deported if not complying with their obligations."

As women make 80 per cent of the purchases for the homes, their action in this is the most important single factor in righting our adverse balance of trade with the United States. They Canadian goods and products" is the recommendation of the Canadian Trade Commission.

Young Redcliff Couple At Hymen's Altar

A very quiet yet, pretty wedding place at the home of Mr. and Mrs. A. McKay, 2104 4th St., on Thursday, April 17, when their only daughter, Blanche Loraine, was united in holy wedlock to Mr. Archie W. McKellar, of Jenner, Alberta. Rev. Mr. McFadden, of Medicine Hat, officiated and only the immediate friends of the young couple were present.

Promptly at half after five the bride, who was becomingly gowned in white, crisp-crepe, embroidered in white silk, and wore a princess veil, entered the room with her father. She carried a large bouquet of bridal bouquets and carnations. Miss Cecelia McKay, sister of the bride, acted as bride's maid. She wore a gown of pink, and carried a bouquet of pink carnations. The groom was ably supported by his brother, Alex D.

After the ceremony a dainty wedding breakfast was served. This was followed by a pleasant social hour, after which the young couple left for their new home in Jenner, amid showers of confetti and well wishes.

The married life in wishing the young couple a happy and prosperous married life.

Football Match Here Tomorrow Afternoon

Everything is now in readiness for the opening football match of the season to be held here Good Friday afternoon on the old football grounds.

A number of old players who are familiar with the game and are used to practice last night and their performances show that they have forgotten none of their old time tricks of the game. After the war the committee placed the team for tomorrow's line-up. A glance over the list will show that a good deal of interest is in-store and Redcliff's chances are good for coming out on top.

M. Gibbins, J. Leamonth, D. Smith, J. Laboy, C. MacLean, A. J. Leamonth, W. Duggan, G. Shumans, A. Maskell, R. S. Hodge and P. Leamonth.

Everybody should turn out and see this game. It is called for 3 o'clock in the afternoon.

STEADY VICTORY DRIVE

While Canada may not start any more Victory Bond drives, there is a steady victory drive being held in the form of a filled certificate of War Savings Stamp, costing in April 1923. These yield interest at about the rate of five per cent, and the security is the same as the Victory Bonds.

Redcliff Hero Wins Distinction

According to word received in town this week a very great honor has been conferred on one of our young men who has surpassed the call to arms and country and has been going to service in the trenches since early in the war. This young man is now known as Sergeant Major Harry Shastley. Besides gaining promotion for ability in the ranks Shastley has also won the D. C. M. Besides these Surge Major Shastley's later distinction is to have been chosen by his battalion to carry the colors of the battalion back to France. It is not known definitely yet why he is taking them back to France but it may be possible that it is to take part in a great ceremonial demonstration in Paris after the peace has been signed. Shastley's enlistment with the colored is the colors of his battalion which he was assigned to take back to France. He is well known in Redcliff and his friends here congratulate him on his achievement.

Grain Growers Expect An Early Election

The organized grain growers of the west apparently expect an early national election. The Grain Growers' Guide, the official organ of consolidated organization, is widely distributing a circular signed by J. M. Pratt of that paper, appealing to farmers and farmers' friends thus: "Do you know we are approaching one of the hottest elections ever held in Canada? Do you know that it is the organized farmers who are setting the political pace these days? The organized grain growers are in deadly earnest. They mean to have a square deal in legislation from Ottawa, and they are going to elect their own members, if necessary, to get it. They are organizing now and collecting money for the campaign when it comes. Keep in touch with the views of the organized farmers regarding the manufacturing and the tariff struggle."
